Wedding of Two Happy Junetion City Coaples-Boy Thrown from a Horse and Badly Bruised.

In yesterday's Salt Lake papers there was an account of the sudden and very unexpected departure of Edward Rose from that city. Rose was to have been married to Rose Engilman of Salt Lake City on Sunday, and all arrangements were made for the wedding, but the bridegroom did not appear. A search was made for him but with no avail, so the lady to whom he was to be wedded, immediately employed an attorney and filed suit against Rose for \$55,000 damages for breach of promise. A summons was placed in the hands of A summons was placed in the hands of a constable of Salt Lake to serve on Rose if he could be found. The officers of the law found out that the man they wanted to answer to the charge had come to Ogden, so the constable was immediately sent here for Rose. Apprehension for the Fruit Crop-Goes to the Hospital for Treatment. Special Correspondence.

Willard, Boxelder County, April 10 .-Returning from conference we found the ground covered with the "beautiful snow" to the depth of two or three inches and the thermometer showing the mercury about four degrees below freezing point. While the storm is freezing point. While the storm is doing much good in soaking the earth and supplying moisture to thirsty vegetation, the possibility of the fruit crop being killed by frost creates some uneasiness.

The beautiful weather of last month brought forward the fruit blossoms so that the orchards present lovely pic-tures of apricot, peach and plum trees in full bloom. Here, where orchards vary in size from one to forty acres and constitute almost the sole dependence of many of the owners, the loss of the fruit crop means a sad diminuition of the annual income. We still hope, however, much may be saved. One of our respective townsmen, A.

A. Carlson, after suffering months with a diseased leg, has at last been sent to the hospital, amputation of the diseased limb being necessary.

The health of the eople has been very good, with nothing o interfere with our meetings, schools,

This valley was first settled eleven years ago by a company of Salt Lake and Utah people comprised mostly of "Mormons." There were ten wagons in the company. At that time the land was not surveyed but ranches were taken up by most of the company and a year or so afterwards the whole country vas surveyed, and the valley has been settling up very rapidly since. We are located about three hundred miles north and a little east of Salt Lake City, and are forty-five miles from Rexburg, our arest railroad station. Many im-ovements in the last few years go to rove that the people are prospering, such of the land is now under cultivaon and a net work of fencing covers

Several new buildings have just been completed this spring, among the most prominent ones are the Young Men's hall, which is just finished, and will be used for meetings, socials, etc. A new dancing pavillion is just completed and is a credit to our county. It is an octagon, 56 feet each way with four side rooms. One is used as junch stand, two as dressing rooms, and one for the or-chestra, Messrs. Beesley and Blattner are the owners of the pavillion, and also

members of the orchestra here.

The town of Driggs is located in the center of the valley, and is a thriving lit-tle business center, with implement houses, one general store, drug store, school and meeting houses, and ha's the

appearance of a prosperous village, with a good future before it.

A good many rigs will be sent to Rexburg to meet the special excursion that will arrive there on the eleventh from Utah. Teton valley expects her share of the Utah visitors.
